SUMMARY

Software Developer with a year of practice in Frontend and fluent English looking for new professional opportunities in Frontend development. Got experience working with **HTML5, CSS3, Sass (SCSS), JavaScript, Typescript, React, Bulma framework**. I have a basic knowledge of **SQL and OOP**. Customer support background enhanced my problem-solving and communication skills. Eager to improve my developer skills and ready to learn new frameworks (**Vue/Angular//React Native**).

SKILLS

- JavaScript (ES6), Typescript, React
- AJAX, Fetch, REST API
- HTML5, CSS3, Sass (SCSS), BEM
